

HARDEEP SHIYANI

SOFTWARE DEVELOPER

hardeepshiyani5@gmail.com | hardeepshiyani.in | linkedin.com/in/hardeep-shiyani

SUMMARY

Proficient Senior Software Developer with 3+ years of experience in architecting, developing, and deploying enterprise applications. Adept at cloud infrastructure management using AWS services such as EC2, RDS, S3, and IAM to enhance DevOps processes. Expertise in PHP, Laravel, Node.js, and CI/CD pipelines with a passion for building scalable and secure solutions. Skilled in collaborating with cross-functional teams and leading project deliverables while mentoring junior developers.

PROFESSIONAL EXPERIENCE

Sr. Software Developer, Indigital Technologies LLP Mar 2023 – Present

- Architected and developed software solutions using PHP Laravel and Node.js for clients.
- Managed and configured AWS services such as EC2 instances, RDS databases, S3 storage, and IAM for secure resource management.
- Implemented and maintained CI/CD pipelines using GitLab to automate code deployment and testing.
- Provided technical support and mentorship to junior developers. Modernized code bases to improve functionality and maintainability.
- Key Achievements:
 - Reduced deployment time by 30% through pipeline optimizations.
 - Secured infrastructure by implementing IAM best practices.

Jr. Software Developer, Indigital Technologies LLP Jun 2022 - Aug 2022

- Developed and maintained applications using PHP Laravel, Node.js, and SQL.
- Conducted testing and debugging, improving stability by 40%.
- Assisted with deployments and production issue resolutions.
- Reviewed code and improved quality by 15%.
- Documented customer requirements and project execution plans.

Jr. Software Developer, Mukesoft IT Consultants Mar 2020 – Dec 2021

- Developed custom software applications for client requirements.
- Debugged and resolved software issues for system stability.
- Managed feature updates and coordinated deployments.

SKILLS

Programming : PHP, Laravel, Node.js, JavaScript, jQuery
Cloud & DevOps : AWS (EC2, RDS, S3, IAM), Docker, GitLab CI/CD
Database : MySQL, SQL
Version Control : GitLab, GitHub
Development Tools : VSCode, Postman
Soft Skills : Leadership, Troubleshooting, Code Reviews, Collaboration

PROJECTS

Digital Product Brochure Website (sweetnight.in) Jan 2020 – Mar 2020

E-commerce-like Product Display Website: Developed a dynamic platform enabling admin management of products, categories, and media, with full CRUD functionality.

EDUCATION

- **BE in Computer Engineering** – Universal College of Engineering (2016-2019) | CGPA: 8.25
- **Diploma in Computer Engineering** – Sardar Vallabhbhai Patel Polytechnic (2013-2016) | 71%
- **10th Grade** – Sardar Vallabhbhai Patel Vidhyalaya (2013) | 77.64%

ACADEMIC PROJECTS

- **E-Price Negotiation Web Application**
 - Role: UI Designer, Tester, Core Developer
 - Description: E-commerce web application leveraging Fuzzy Logic to offer personalized discounts.
- **Online Bus Tracking Android Application**
 - Role: UI Designer, Tester, Core Developer
 - Description: Real-time bus tracking system with driver and user applications.
